By Allies in Big Offensive  
Movement.

(Associated Press)  
London, Sept. 27.—According to  
dispatches from Athens received here  
Greece is on the verge of entering the  
war on the side of the entente. It is  
said the King of Greece has consented  
to this move.

## FRENCH IN GAINS.

Paris, Sept. 27.—East of Verman-  
ville the French have captured a very  
strongly fortified wood. The great of-  
fensive up to date has resulted in the  
capture of 44 villages, 190 square  
miles of territory and 60,000 prisoners  
from the Germans, according to the  
newspapers.

## Prisoners Yesterday.

London, Sept. 27.—Between three  
and four thousand German prisoners  
were taken yesterday and Monday by  
the British in the fighting on the Som-  
me front. The British forces were suc-  
cessful all along the line.

The British forces again advanced  
on the Somme last night, chiefly in  
the direction of Eaucourt and Lab-  
baye.

## Serbian Retreat.

Sofia, Sept. 27.—After ten days  
heavy fighting between the Serbians  
and Bulgarians on the western end of

## Claim German Defeat.

(Associated Press)  
Bucharest, Sept. 27.—In a great  
battle at Deubajda, September 17th to  
19th, which ended in the decisive de-  
feat of the German and Bulgarian

Everywhere heaps of corpses were  
found and in front of one division  
alone 5,000 rifles were picked up.

Greek troops in Canea have joined  
the revolutionists' army, according to  
an Athens dispatch.

London, Sept. 27.—An Athens dis-

King Constantine the belief is ex-  
pressed that he will declare war im-  
mediately.

A dispatch from Athens dated Sep-  
tember 25, but not received until Mon-  
day, said that on Monday the Greek  
government submitted to representa-

Greece drop her policy of neutrality

French expeditionary forces. He or-  
dered the troops under his command  
to salute French and British officers  
and was generally reported to be  
friendly to the cause of the allies.

In August General Moschopoulos  
was appointed chief of staff and in  
a statement given to the press ex-  
pressed the hope that he could  
strengthen the good relations between  
Greece and the entente powers.

## "I think I can be an advocate of the entente," he said.

Rumanians Win in Mountains.  
The battle for the Carpathian passes  
turned toward Rumanian success.  
The Berlin war office admitted that  
Rumanian troops have again oc-  
cupied the heights on both sides of  
Szurdok and Vulcan passes in Transyl-  
vania and that the Austro-German  
forces had retreated. The report states  
that although "German troops re-  
pulsed all the Rumanian attacks  
according to the passes," they "were with-  
drawn according to army orders."

## Russ Renew Attacks.

Petrograd, Sept. 27.—After a long  
halt the battles at all important  
points on General Brusiloff's front  
are again assuming the intensity  
which characterized the first period of

"Shortness of the wheat crop and

FOOTBALL SCHEDULE IS BEING  
ARRANGED—WILL HAVE  
GOOD TEAM.

Rochelle, Sept. 23.—Manager Hale  
Weeks of the high school football  
team, has scheduled eight games.  
Four are to be played at Rochelle and  
four will be played away from home.  
Two new schools, Morrison and Whea-  
ton, will be met for the first time.  
The management also desires to se-  
cure games with Rockford and East  
Aurora. The latter is usually on Ro-  
chelle's schedule and the purple and  
white believe that if a game is arrang-  
ed they can even up for last year's  
disastrous defeat. Rockford with its  
lighter team will also be more in Ro-  
chelle's class, the locals believe. De-  
Kalb is negotiating for a game to be  
played at DeKalb on Thanksgiving

DERESS SUICIDES.

(Associated Press)  
Philadelphia, Sept. 27.—J. C. Gra-

## MORE TURKEYS THIS YEAR

Aurora, Ill., Sept. 27.—As these  
cold nights continue one's thoughts  
turn to Thanksgiving and turkey.  
Butchers say that the outlook this  
year for this popular fowl is slight-  
ly better than in the past few years.  
A decided scarcity has always been  
found about Thanksgiving time, but  
it is thought that the hot summer  
months, which were the finest kind of  
turkey weather, will make a decided  
increase in the number of fowl for  
the markets.

It was necessary last year to ship  
in turkeys from all around. Turkeys  
were brought here from the south  
and also from the far west. Butchers  
said yesterday, however, that little  
change can be looked forward to in  
the price of turkeys, as the increase  
would be far from enough to flood  
the market. The dressed fowl  
brought from 26 to 32 cents a pound  
last year.

## OBJECT TO BILLS FOR EXTRA HELP ON STATE ROADS

SUPERVISORS REFUSE TO ALLOW  
FOR AID TO STATE  
ENGINEERS.

## BOARD VISITS GRAND DETOUR

Board Notified That \$10,461 of State  
Money Is Ready for Road  
Building.

The Lee county board of super-  
visors were notified this morning by a  
communication from the state high-  
way commission that the sum of  
\$10,461 was ready for Lee county to  
be used in building state aid roads.  
On motion of Supervisor Mannion the  
matter was referred to the road and  
bridge committee.

A matter that has caused consid-  
erable trouble has been the pay of  
men assisting the state engineer in  
surveys for state aid roads. The  
claims committee has several times  
refused to order such bills paid. Dur-  
ing this session that committee turned  
such bills over to the road and  
bridge committee, which ordered the  
payment of the bills.

To avoid further trouble Super-  
visor Mannion offered the following res-  
olution:

"Hereafter the county superinten-  
dent of highways shall not employ  
any man or men to assist the state  
engineer to make surveys unless or-  
dered to do so by the board of super-  
visors."

The board voted to sustain the res-  
olution.

Immediately after the minutes of  
yesterday's session were read and ap-  
proved the board received committee  
reports.

At 11 o'clock adjournment was  
taken to go to dinner at Grand De-  
tour as guests of the county officials.

# For Theatre Patrons

Happenings of the Day in Amusements

## OPERA HOUSE.

"The Elopers," which had such a tremendous success at the LaSalle opera house, Chicago, will be the attraction at the Dixon opera house on next Sunday night, Oct. 1st, and a more timely offering could hardly be made.

## JOSEPHINE KERNELL

selected as it is a lively, brisk, musical comedy full of jingles and melodies and merry jests and quips touching on the foibles, vanities and passing events of the day and doing it in a manner to offend no one and to amuse all.

Throughout the two and a half hours' entertainment a number of sensational dances are distributed, including the latest craze, the "Tulu Fehda" executed by Ward DeWolf and Josephine Kernell.

The music of "The Elopers" was composed by Hugo Frey and includes numerous songs that will be played and sung and whistled for another year. The lyrics are by Frederick Herenden, who is recognized as one of America's foremost lyricists. Arthur Gillespie and George Stoddard are responsible for the book and patrons of the LaSalle hailed it as far superior to their other offerings which included "The Isle of Spice" and "The Royal Chef," which met with such popular favor there and throughout the country for several years.

The company of fifty people contains a score and a half of the prettiest, nimblest and most vivacious girls ever assembled, while the cast, beside Ward DeWolf and Josephine Kernell, includes such artists as Dina Cushman, Hazel Jameson, Julian Rubell, Carrie Weller, Charles Fredericks and others, each a specialist in their particular line of work. A complete and beautiful scenic production is provided and everything that helps to make a first class entertainment is assured. Seats will be placed on sale at Campbell's drug store on Thursday morning.

## VISITED IN NORTH DAKOTA

Hiram Eberly, Martin Book and Paul Becker returned Monday from a ten days' visit at Devils Lake, N. D. Mr. Eberly has 320 acres of land and Mr. Book has 80 acres there. Mr. Eberly states that the rye crop is good; other crops will yield less than in good years. He has 25 acres of wheat, that was too poor to thresh. On the way home the gentlemen stopped at Grand Forks and visited Chas. Miller. Mr. Miller took his guests on a motor trip. At Montevideo, Minn., they visited Lee Book, who has 200 acres of as fine land as lays out doors, was also very liberal with his auto, taking his guests for miles around the country. Mr. and Mrs. Book reside in the city and his son looks after the farm. Both Mr. Miller and Mr. Book were former residents of Lee county. They are both well pleased with their new homes.

# MAJESTIC RANGES

Demonstration and Sale  
This Week, Sept. 25--30

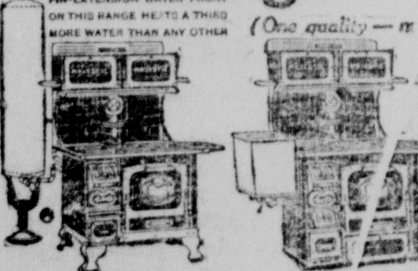

Your husband would choose a Majestic—

if he did the cooking because he is used to labor-saving tools for his work and knows that it is economy to get the best.

He could tell that Majestic malleable iron and charcoal iron will outlast ordinary ranges. He would know that joints cold-drawn, without putty, will stay tight and hold the heat in always. He would see that the construction of firebox, curved-top, braced oven, circulation system and automatic range in service.

**Great Majestic Malleable and Charcoal Iron Range**

beside lining, all show that a Majestic is built to do its work right always; to bake evenly and to maintain uniform heat with least fuel. He would not hesitate to pay the little more asked for a Majestic, because he'd know that the saving in fuel and repairs, and its far longer life, would make the Majestic the most economical range in service.

The health and happiness of your whole family is effected by the range you buy. Investigate thoroughly. Before you buy any range, come to our store and see the Majestic—we know you will want a Majestic when you see its advantages.

## SUCCESSFUL SALE OF PIANOS

Theo. J. Miller & Sons' Showroom To Be Remodeled and Stock Is Being Rapidly Reduced.

The special sale of pianos conducted by Theo. J. Miller & Sons is proving unusually successful, as would it should be, for Theo. J. Miller has been in the music business in Dixon for over 43 years. In that time he has won an enviable reputation for honorable dealing.

The Theo. J. Miller & Sons' special sales are always genuine and they never hold a special sale without a legitimate reason. Their present efforts are the result of the intention of the owners of the building in which they are located to remodel the room. The material is here and the contractors are anxious to get busy.

So the special sale will positively close as advertised, next Saturday, Sept. 30th, at 10:00 p. m. Hence anyone interested in the purchase of a piano would do well to visit the Miller store this week and inspect the unusually fine display of pianos and players.

The firm also at present has on hand a number of used pianos, excellent instruments, which they are offering at exceptionally attractive prices.

Mrs. H. F. Gilbert and little daughter of Palmyra were in Dixon Monday.

# What Does Catarrh Mean?

It means inflammation of a mucous membrane somewhere in the head, throat, bronchial tubes, stomach, biliary ducts or bowels. It always means stagnant blood—the blood that is full of impurities. Left alone, it extends until it is followed by indigestion, colds, congestion or fever. It weakens the system generally and spreads its operations until systemic catarrh or an acute illness is the result.

## Peruna

Is the nation's reliable remedy for this condition. It restores appetite, aids digestion, checks and removes inflammation, and thus enables the membranes, through which we breathe and through which our food is absorbed, to do their work properly. Forty-four years of success, with thousands of testimonials, have established it as the home remedy—Ever-Ready-to-Take. Its record of success holds a promise for you.

## Dunne Calls Mine Conference.

## Operation Cures Hiccoughs.

Monmouth, Ill., Sept. 27.—Mrs. Ralph Dunbar was seized with an attack of hiccoughs early in May, and after several days the trouble ceased. On June 7 the cough returned, and since that time she had been hiccoughing. The removal of a small growth near the appendix ended her suffering.

Earl C. Hasey of Joliet, Ill., Director L. O. O. M., coming to Dixon to assist the Local Moose in recruiting the membership to the 1,000 mark. Mr. Hasey comes well recommended and it is assured that his efforts here will be highly successful.

Some of Mr. Hasey's axioms:  
I am a Moose—Because:  
I believe in its Foundation—Purity, Aid and Progress.  
I believe in its motto—One for all, all for one.

I believe in its theory—that success is achieved only by the work of the head, the hand and the heart.

I believe in its practice—of ever bestowing a helping hand, a kind word and a pleasant thought.

I believe in its purpose—the building up of humanity to a higher, better, more efficient plane.

I believe in its ideal—Mooseheart—where Moseedom prepares its children for life's work with a university education, where the man who must toil may equip himself for better field by a correspondence course and where, when old age catches him unprepared, he will have a home in that haven of peace and plenty.

I am proud to be a Moose—because it stimulates higher ideas, nobility of purpose and love for our fellow men.

James Ballou returned last evening from a vacation visit in Chicago.

# Follow Your Nose

## —It Knows

Ever watch an expert tobacco man judge tobacco? If you have, you saw him rub it briskly between the palms of his hands till the friction brought out the aroma—then hold it up to his nose.

That's the supreme test. That shows what a tobacco really is.

Try it yourself—try it on TUXEDO—then on other tobaccos. Your judgment—as to what will please you—is as good as any expert's. Just do as he does—"follow your nose."

TUXEDO is the one tobacco that asks you to make this test because TUXEDO is the one tobacco that can meet it. Your nose will know the difference—instantly—between TUXEDO and all the others. None of the others has either the volume or the sweetness of aroma that proves superior and supreme flavor, mildness and satisfaction in the pipe.

Make the test—with as many tobaccos as you choose—and follow your nose. It will lead you straight to TUXEDO.

## THE VERMILION EXPERIENCE.

A few days ago the county board of McLean county, which includes the city of Bloomington, visited Vermilion county in a body to study the state road system now being constructed there, mainly concrete. While at Danville they were guests of the local people and were given the history of the movement which has led to providing the county with new roads.

It is suggested by what came out in this conference that the first promptings for the new roads came from the better roads of Indiana. The latter state touches the county line of Vermilion county. When residents of Vermilion had any great distance to go on any route that permitted using the roads of Indiana by going out of the way a few miles it was not an uncommon practice to cross the state line to make the trip. Of course this was continually suggesting what a benefit it would be to have the best roads in Vermilion. This finally bore fruit.

It took some time to master the question. Leading farmers in different parts of the county joined the campaign of education. All over the county the bankers, who are large taxpayers, had to be shown, and were reluctant in some cases to admit that the undertaking was justified and worth while, but they finally became converted and active in the general education. The scope of the undertaking at first appalled them, but as the subject was studied and they came to the consciousness that the county had in the preceding ten years expended \$1,700,000 in the old way without getting anything permanent, the conviction spread that they could not afford to go on as they had. It was too expensive.

The last worry in the country was that the city would not support the bond issue. But the city was as much interested as the rest. A large part of the road ran directly or indirectly to Danville. When it came to a showdown at the polls the bond issue was supported in the city as well as in the country, and by about the same majorities.

Construction on the new roads has been in progress for months. It will require most of next season. By the end of next year, however, Vermilion will have the best county equipment of state roads in Illinois. It is already the object of visits from many other sections to learn how they do it.

## WOODROW'S VIEWS ON VITAL ISSUES.

Walt Mason, an old friend to Telegraph readers, has the following "Rippling Rhyme" concerning the presidential situation. He says:

To Woodrow's office I went faring; he talked awhile of vital things, "The hangdowns Charley Hughes is wearing, must shock the thoughtful souls, by jings. Shall we have whiskers in high places? This is the question paramount; the voters call for shaven faces—all other themes are no account. There's no excuse for wearing clover like Fairbanks, Hughes and other gents; the days of spinach long are over—a shave now costs but fifteen cents. My foes fain would obscure the issues by talking things that cut no ice, and think that wild and wooly tissues of sophistries should well suffice. They are accomplished verbal friskers, and dodge around from theme to theme, but, friend, the crucial theme is whiskers—make note of that; it is no dream. Shall whiskers desecrate the dwelling, that mighty statesmen used to know? If once it starts, there is no telling how far the whiskers fad will go. My friend, the issue's plain before us, and never to the rear it drops; let us, our bright flag waving o'er us, stand up for razors, mugs and strops."

The men driving that big armored U. S. military car across the country say they have no trouble with the road hogs. They get a wide berth.

Traffic rules for autoists are all right, but it would be well to let auto drivers learn the ones we have before giving them any new ones.

## WHY WOMEN WRITE LETTERS

To Lydia E. Pinkham Medicine Co.

Women who are well often ask "Are the letters which the Lydia E. Pinkham Medicine Co. are continually publishing, genuine?" "Are they truthful?" "Why do women write such letters?"

In answer we say that never have we published a fictitious letter or name. Never, knowingly, have we published an untruthful letter, or one without the full and written consent of the woman who wrote it.

The reason that thousands of women from all parts of the country write such grateful letters to the Lydia E. Pinkham Medicine Co. is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives, once burdened with pain and suffering.

It has relieved women from some of the worst forms of female ills, from displacements, inflammation, ulceration, irregularities, nervousness, weakness, stomach troubles and from the blues.

It is impossible for any woman who is well and who has never suffered to realize how these poor, suffering women feel when restored to health; their keen desire to help other women who are suffering as they did.

## VENIZELOS TO RAISE ARMY AMONG GREEKS

Former Premier Goes Out to Retake Macedonia.

London, Sept. 27.—A dispatch to Reuters' Telegram company from Athens says:

"The Paris publishes a statement made by M. Venizelos before his departure from Athens, in which the former premier said:

"The purpose of the movement of which I am taking the lead with Admiral Conduriotis is purely national. Circumstances compel me to form a provisional government, not to overthrow the Athens regime, but to form a force for the defense of Greek Macedonia, that being the only means left to preserve the unity which has already been harmed by those who ceded Macedonia to the enemy.

"I am leaving as a soldier, who, having failed to persuade his comrades, does not turn against them, but shoulders his rifle to fight the enemy."

They were attended by the bride's sister and Miss Marie Loneragan and Mr. Bentley of Polo. The bride was becomingly gowned in her traveling suit of brown cloth, with which a brown hat was worn. Her bridesmaid was gowned in a blue suit. Mr. and Mrs. Smith left after the ceremony for Chicago and from there will go to Detroit to spend their honeymoon. Upon their return they will make their home with the groom's parents in Polo for the winter. The bride is the daughter of George Loneragan of Rockford and both she and her husband have many friends here and in their new home who extend the heartiest of best wishes.

Mrs. Smith will be greatly missed by a large circle of friends because of her loving disposition and charming ways. Mr. Smith is the son of Mr. and Mrs. Charles Smith of Polo, and an estimable young man. They will be at home after October 15th in Polo.

The wedding took place at St. Paul's parsonage at 1:30 this afternoon. Miss Bertha Hasselmann attended her sister as bridesmaid and the groom's brother, Wilson Eastman, served as best man. Others witnessing the ceremony were the bride's parents, Mr. and Mrs. John Hasselmann, Mr. and Mrs. S. P. Pelton, H. W. Hartman, George Hasselmann, and the Misses Elma and Esther Hasselmann.

The bride was very charmingly gowned in a cream colored crepe de chine creation, while her bridesmaid wore a pale green taffeta. Both were lace trimmed.

A wedding trip will be taken, part of the time to be spent in Chicago. Upon their return they will make their home in this city, where Mr. Eastman is employed by the Brown Shoe Company. Both are excellent young people with many friends who extend heartiest best wishes.

**Autumn Prayer Meeting**

Autumn Rally Prayer meeting at the First Presbyterian church this evening. Subject, "Spiritual Harvest."

**Fleming-Craig Wedding**

One of the most charming of early Fall weddings occurred last Saturday noon at 3:30 o'clock at the home of Mrs. Margaret Craig, when her eldest daughter, Maryellen, was united in marriage to Mr. Raymond W. Fleming of Joplin, Missouri, the son of Mr. and Mrs. John Fleming residents but a number of miles from Dixon, Mo. There were no at Mrs. Craig's intimate friends aided in the program of song preceding the ceremony and in the service of the luncheon.

The rooms of the Craig residence were very charmingly decorated for the occasion. The stairway in the reception hall, down which the bride came, unattended, was done in pink and white and everywhere in the decorations these two colors predominated. The balustrade of the stairway was woven with greenery against which pink and white asters gleamed. The first landing had a mass of pink and white cosmos as a background while a huge bouquet of pink and white asters topped the newel post at the foot of the stairs.

In the parlor where the ceremony took place, a bower had been arranged in one corner of ropes of Clematis and Pampulosa, whose fragrance pervaded the room. Amid its green leaves and clusters of dainty white blossoms were mingled clusters of pink phlox. Pinks formed a background for the bower. Pink and white asters and cosmos were used elsewhere in the room in great clusters, a large bunch of the asters being placed at the piano and in other appropriate places. Ropes of pink and white asters concealed the support of the electric dome lamp lighting the room, as all the shades were pulled, and artificial lighting was used during the ceremony. Pink crepe paper shaded the lights.

The officiating clergyman, Rev. G. W. Stoddard of the First Baptist church of Dixon, and the bridegroom awaited the bride at the ceremony bower, as Miss Henrietta Florschuetz and Miss Lucille Miller, two intimate friends of the bride, gave two beautiful vocal numbers, accompanied by Mr. Clinton Fahrney at the piano. Miss Florschuetz' number was "Because," and Miss Miller rendered that beautiful composition of Aylward's, "Beloved, It is Morn." The wedding march from Wagner's Lohengrin, played by Mr. Fahrney, directly preceded the ceremony.

The bride was very lovely in a gown of white appliqued net, the skirt made with a double overskirt of fine white tulle and the bodice and sleeves of the tulle with a bolero effect in the applied net. A short afternoon veil of white tulle with a wreath of lilies of the valley completed the costume. A shower bouquet of bride's roses was carried. Rev. Mr. Stoddard read the service, using the ring ceremony. The jubilant cords of Mendelssohn's wedding march sounded as the guests gathered about the bridal couple to offer congratulations.

Some very pretty costumes were worn by the group of girl friends who assisted during the day. Miss Florschuetz, who sang, was gowned in pale green taffeta and wore a bouquet of pink and white roses; Miss Miller, who gave the other vocal number, wore a white gown, coral trimmed, and a corsage bouquet of the Sunburst roses. Miss Pauline Fulton was in grey and old rose, wearing Killarney roses; and Miss Stackpole wore a pretty costume of pink and white, pink silk and an over-drape of Georgette crepe—white roses in a corsage bouquet completing the costume.

A buffet luncheon was served in the dining room after the ceremony. Pink and white decorations were also used in this room. In the center of the service table upon a centerpiece of real Florentine lace, one of the bride's wedding gifts, rested a French basket, holding bride's roses and the dainty pink Ophelia roses mingled with maidenhair. The Misses Lucille Pearce, Ruth Remington, Pauline Fulton, and Florence Stackpole assisted in the serving.

The refreshments served were in pink and white—the ice cream in the two colors, tiny drop cakes in white in the form of baskets with pink white nut dishes containing the salted almonds, and the pink and white opera sticks as the candies. Boxes of wedding cake—white tied with pink ribbons, were distributed among the guests. Everything was most attractive.

Many handsome wedding presents were the gifts of friends—beautiful hand embroidered linen pieces, hand painted china, numerous pieces of cut glass including a handsome water set and two large vases, candlesticks, several pieces of silver, and best of all in the bride's estimation was that there was not a single duplicate.

Of the twenty-five guests at the wedding a number were from out of town, including Mrs. L. L. Bingham of Estherville, Ia., Mr. and Mrs. W. R. Stanley of Polo, Ill.; Dr. L. L. Hays and Mr. and Mrs. Frank Bradley of Princeton, Ill.; Mr. Frank Hays of Wyanet, Ill.; and Miss Freda Treasurer of Chicago, all of whom arrived today.

The trip will include a visit with Mr. Fleming's relatives in Chicago, a stop of some length with friends in St. Louis, and a visit at Monett, Mo., with Mr. Fleming's brother. The bride's traveling suit is in the new deer shade, a very handsome dark brown in wool velour. A dark brown velvet hat was worn with the suit.

The new home is to be made at Joplin, Mo., where Mr. Fleming, who is an electrical engineer, is connected with the Rex Electrical Supply Co. The bride, who is one of the most winsome and charming of Dixon young women and an efficient worker in the Baptist church here, will add many graces to the new home. Mr. Fleming formerly resided in Dixon, and is very well thought of. The best wishes of many friends are theirs.
